EXPERIENCE SUMMARY

I have 1.6 years of Information Technology experience as a .NET developer, specializing in developing client/server and web-based applications. My expertise includes working with Visual Studio 2019/2022, .NET Core, Angular, Web API, Azure, Microservices, Entity Framework Core, LINQ, and API Integration. I am adept at developing database objects using MS SQL Server 2018 and experienced in agile software development using Scrum, TFS, and GitHub.

PROFESSIONAL EXPERIENCE

Software Engineer
Lince Soft Software Solutions
September 2023 – Present

ACADEMICS

Bachelor of Engineering (E.E.)
Dr. BAMU University ,2021
61.09%

Diploma (E.E.)
M.S.B.T.E. Board, 2018
64.04%

Higher Secondary Certificate (H.S.C)
Latur Board ,2014
71.00%

Secondary School Certificate (S.S.C)
Latur Board ,2012
61.00%

CORE COMPETENCIES

- **Core/Business Technology:** C#.NET, Web API, ASP.NET Core, Entity Framework Core, Microservices, Azure, LINQ, HTML, JavaScript, Angular 14, TypeScript, Angular Material.
- **Methodology:** Agile
- **Version Maintenance Tools:** GitHub
- **Database Server:** MS-SQL Server 2018
- **Web Server:** Internet Information Server
- **Operating Systems:** Windows OS Family
- **Tools:** Visual Studio 2019/2022, SQL Server 2018, Visual Studio Code
